

To whom it may concern;

I am writing you regarding the NAB petition that seeks to stop XM from providing XM Instant Traffic & Weather.

Being a recent customer of XM radio I have discovered the quality of the service that they provide to me where ever I travel in the US. There is a vast selection of music that would be unavailable to me in my local area. The XM instant traffic and weather is an excellent example of the high level of service that is provided to XM customers.

I am concerned that the NAB feels that they can influence what service that I get for my money. I pay a fee to XM radio monthly for a high quality service that the members of the NAB are unable to provide to me.

I respectfully urge you to reject the NAB's petition 04-160.

Thank you for your time and consideration of this matter.
